SUBJECT

Renewal of Framework Supply Agreement FSA-2026-0417 — Precision CNC Components (2026–2029)

Dear Ms Pemberton,

Thank you for your letter dated 05 June 2026 (ref. CAC-PUR-1185) and for the constructive review meeting held at your Bristol facility on 18 June. We are pleased to confirm our acceptance of the renewed framework terms and enclose herewith the updated Framework Supply Agreement covering the supply of precision CNC components for the 2026–2029 production period.

The principal commercial terms are summarised in the panel below, together with an extract of the agreed unit prices drawn from Price Schedule 2026/27 (Annex A). Prices are held firm for the first twelve months of the term; thereafter they are subject to the indexation clause set out in §7 of the agreement. All consignments are quoted DAP Bristol in accordance with Incoterms 2020, with payment due 30 days net and a 2% discount for settlement within 14 days.

Our quality commitments remain unchanged. Every consignment is manufactured under our IATF 16949:2016 and EN 9100:2018 certified processes, is accompanied by a 3.1 inspection certificate to EN 10204 and carries full material traceability. Series lead time is confirmed at four working weeks from call-off, and we have reserved dedicated machining capacity at our Sindelfingen plant to safeguard your ramp-up schedule for the fourth quarter.

KEY COMMERCIAL TERMS

AGREEMENT NO. **FSA-2026-0417 (rev. 3)**	CONTRACT TERM **01.08.2026 – 31.07.2029**
ESTIMATED ANNUAL VOLUME **84,500 units**	INDICATIVE ANNUAL NET VALUE **€2,403,570.00**
PAYMENT TERMS **30 days net · 2% / 14 days**	PRICE VALIDITY **Firm for 12 months**
DELIVERY **DAP Bristol (Incoterms 2020)**	SERIES LEAD TIME **4 working weeks from call-off**

Kindly arrange for both counterparts of the agreement to be countersigned and return one original to my attention by 31 July 2026; the first call-off window opens on 01 August 2026. We greatly value the partnership between our companies and very much look forward to supporting Caldwell Aerospace through this next phase of production.

Yours sincerely,
for and on behalf of Steinhoff Präzisionstechnik GmbH
